The Mario Twins by Mario Buatta

Designer Artist Series

The Mario Twins is an original design from the legendary, Mario Buatta, for Kindel's Designer Artist Series. For over 50 years, Mr. Buatta has designed beautiful homes and furniture to complement them. These tray top tables, comprising a set of two, are designed for their versatility. "They are designed to be bunched or spaced apart to allow for easy access from behind the sofa," suggests Mario. The trays, with a scalloped edge, are completely removable and intended for use in serving a meal or coffee, reflecting today's casual lifestyle. There is a lower shelf for storage. Gold painted accents are standard. Available in all painted lacquers or a wood finish. Custom colors are available.
